

CAPE FEAR ACADEMY | PORTRAIT OF A GRADUATE

Cape Fear Academy graduates demonstrate a unique set of skills that come from learning in an environment filled with passionate and dedicated teachers who challenge and support them in academics, character development, the arts, athletics, and more. By educating the whole student, from early childhood to young adulthood, Cape Fear Academy ensures that its graduates are not only disciplined and prepared learners but also responsible and resilient people, ready to meet the world's challenges.

CFA graduates are...

- Confident, motivated individuals who advocate for themselves and seek opportunities to develop their interests and talents.
- Informed citizens who are actively engaged in the community around them.
- Strong communicators who formulate clear arguments, respect alternative viewpoints, and express their ideas with clarity and creativity.
- Critical thinkers who can analyze and interpret information in a variety of forms.
- Resilient problem-solvers who persevere in the face of academic and personal challenges.
- Experienced collaborators who know how to listen, contribute, lead, and hold one another accountable.
- Skilled time managers who have experience balancing academics, extracurricular activities, and personal pursuits.
